NCH HEALTHCARE SYSTEM: DONATIONS NEEDED

In this challenging time for our community, our hospitals need your help. They are requesting donations for any protective gear, including:

- Masks (any kind)
- Gowns/ Suits (Tyvek or any suits)
- Gloves
- Booties
- Hoods
- Hand sanitizers

There has been some questions as to how to safely make a hand-sewn mask. The following tips should be observed when making hand-sewn masks:

1. Mask fabric should be pre-washed in hot water and dried to pre-shrink the fabric to provide better protection.
2. Two fabric layers are better than one layer.
3. Elastic ear loops are preferred.
4. Please freshly launder after sewing is completed.
5. Place one mask each in a ziplock bag for distribution. Please deliver supplies Monday to Friday 8 a.m. - 5 p.m. to NCH Central Campus (2157 Pine Ridge Rd, Naples, FL 34109). The security guard will receive the items.
